- Hon'ble Chief Minister instructed that the Health Department and all districts be fully prepared to contain and control the situation emerging from the spread of Novel Corona Virus Disease.

- He directed that Government of India Guidelines be followed and any gaps be filled up by the state. Containment measures and other best practices adopted by other states like Kerala, Andhra Pradesh and Telangana be studied and adapted for Madhya Pradesh.

Contd......
• Screening to be done of tourists coming from affected countries to National Parks and other tourist places of the state.

• All departments involved need to remain on alert.

• Keep Rapid Response Teams of districts to remain on high alert.

• Ensure training of all Health Care Providers.

• District Collectors as nodal officer for their districts to ensure that all arrangements are ready

• Mock drills for all probable activities including lock down to be undertaken by District Collectors with help of MPSDMA and Home department.

• TB hospitals or other suitable places to be identified for setting up Quarantine centres.

Approved by Chief Secretary

(Prateek Hajela)
